

March 14th, 2023

To Our Valued Patrons, Members and Volunteers,

The Board of Directors continues to evaluate future shows and events while considering the ever-changing COVID-19 Pandemic. We are committed to following the guidelines laid out by the Town of Enfield, the State of Connecticut, and the CDC.

Best practices and guidelines continue to evolve, and we will alter our plans accordingly to keep our community safe. We are implementing a policy that masks are recommended while inside the Enfield Annex as this remains the best means of protecting all of us from transmitting COVID. Masks will not be required.

If a patron is feeling any symptoms of contagious illness, we ask that you stay home and contact us to reschedule for a future performance. Additionally, if any patron does not feel comfortable with these guidelines, a ticket refund can be arranged.

We thank theatregoers for doing their part to keep others safe while celebrating the return of in-person performances. Please be sure to visit www.operahouseplayers.org and follow us on social media to stay up to date with our policies, procedures, and exciting new developments. We are grateful for your continuing support throughout our season!

Thank you,

Erin Dugan
